Hi, I am trying to get into a work environment where I can brush up my development skills. Currently I am working on mastering my frontend developing skills using React

Education

Degree in Bachelor of Computer Application from
St. Mary's Collage Sulthan Bathery under Calicut University (2017-2020)

Django and React.js internship at Rights solutions Kochi (February-May 2021)

Works

nocodes.herokuapp.com: A simple blog application which i built for myself using django, Bootstrap4 , jQuery and ajax. I created this web app to share the little knowldege i have in different technologies.
